

Wolfie is the leader of the business pack

The Wolfe family celebrate their success after winning multiple awards at The Manly Daily TrueLocal Business Awards on Friday night.

RUNNING a small business while juggling three children is not for the faint-hearted but husband and wife team Megan and Justin Wolfe would not have it any other way.

Wolfie's Plumbing and Electrical Services scooped *The Manly Daily* TrueLocal Business Awards on Friday night at Miramare Gardens.

The company won the trades and services, business and professional services and the Local Business of the Year awards.

Not bad considering it was the first year Wolfie's has entered.

"We didn't think we would win anything," Mr Wolfe said.

Mrs Wolfe said it was nice, after building up the Warriewood-based company for almost a decade, to have the hard work recognised.

"Sometimes, you do too many late nights and you wonder if you really want to do this. But we always will."

Three little people who never doubted Wolfie's was going to win were their children Joel, 7, Montana, 5, and Meisha, 2.

They are not the only family members to be right behind the company. Mr Wolfe said the rest of their "extended" family, namely his five staff, made all the difference.

"You build a business but you are nothing without the people who are behind you," he added.
